The Phoenix Police Department will be providing a real-life scenario of what safety considerations need to be taken while driving in an active monsoon storm this Friday morning.

Media outlets wanting to cover this event will have the opportunity to drive with an officer on a closed road with artificial inclement weather being introduced. This event will be held at the Phoenix Fire Academy promptly at 7:00 a.m. Sound will be available on safety tips while driving when rain, wind and dust are a factor.

Media crews will be available to sit in the back of a police Tahoe and experience both visual and physical hazards involved with monsoon driving.
