- B. The licensee or any controlling person has failed to comply with the requirements of this Article, including failure to provide changes in license information, as required.

The suspension or revocation of a primary alarm business license shall result in the same action being taken as to all reciprocal alarm business licenses which are derived from that primary alarm business license.

Section 10-73.2. - Review and appeals.

Any person aggrieved by any decision with respect to either the denial of an application for a license, or license renewal, or the suspension or revocation of a license which is subject to this Article, shall be entitled to the review and appeal procedures in accordance with Chapter 19, Article II of this Code.

Section 10-74. - Reserved.

Section 10-75. - Warning notice.

When any alarm system generates one false alarm, or when a fire alarm system generates one false alarm, within a consecutive three-hundred-sixty-five-day period, the Police Department shall send a warning notice to both the alarm subscriber and alarm business or the proprietor alarm owner that one subsequent false alarm within said period will subject the notified parties to the sanctions as provided herein.

Section 10-76. - Police review of false alarms.

A.

Any fire alarm system that has two or more false alarms, or any other alarm system that has two or more false alarms, within a consecutive three hundred sixty-five day period, shall be subject to assessment as provided herein.

B.

If the Police Department records two or more false alarms for a fire alarm system, or two or more false alarms for any other alarm system, within a consecutive three hundred sixty-five day period:

1.

The Police Department shall notify both the alarm subscriber and alarm business, or the proprietor alarm owner, by mail of the Police Department's initial notice of assessment of false alarm service fees and of the amount of the assessed service fees. The alarm subscriber and alarm business, or the proprietor alarm owner may, within twenty days of the date of mailing of the notice, appeal to the Director of the Police Department by filing a petition with the Director of the Police Department or his designee. The petition shall contain specific defenses to the assessment. Affirmative defenses to a false alarm service fee assessment may include evidence that a false alarm was caused by an Act of God, common cause, action of the telephone company, telephone line outage, power outage lasting longer than the life of a fully charged battery, and other extraordinary circumstances not reasonably subject to control by the alarm business, alarm subscriber or proprietary alarm owner.

2.

Any petition submitted pursuant to paragraph 1 of this subsection shall be received by the Director of the Police Department or his designee within the time specified. If the petition is not timely submitted, any notified party shall be deemed to have waived his right to any further review or hearing as provided herein and the initial assessment shall be final.

3.

If a petition is timely submitted pursuant to paragraph 1 of this subsection, the Director of the Police Department or his designee shall review the defenses, if any, set forth in the petition. If it is determined that a valid defense to the initial determination of false alarm assessment has been set forth, a notice will be sent to the alarm subscriber and alarm business, or proprietor alarm owner, that no assessment will be made for that particular alarm. The notice shall specifically set forth the findings and conclusions of the Director of the Police Department or his designee with respect to the review of the initial assessment.

4.

If the Director of the Police Department or his designee determines that a defense to the initial notice of assessment has not been set forth, a notice of decision shall be sent by mail to both the alarm subscriber and alarm business, or the proprietor alarm owner, that they will be assessed pursuant to paragraph 5 of this subsection. The notice of decision shall contain the specific findings and conclusions of the Director of the Police Department with respect to the review of the initial assessment.

5.

Service fees assessed pursuant to paragraphs 2 and 4 of this subsection shall be for fire alarm systems, upon the second and any subsequent false alarm, in an amount of one hundred five dollars, and for all other alarm systems, in an amount of ninety-six dollars per false alarm upon the second and any subsequent false alarm, to recover the cost of the response by the Police or Fire Department to the false alarm. The alarm subscriber and the alarm business shall, except as provided in Section 10-77(F), be jointly and severally responsible for the payment of the service fees imposed upon the alarm system. The owner of a proprietor alarm shall be solely responsible for the payment of the service fees imposed upon a proprietor alarm system. No service fee shall be imposed under

this section for any false alarm for which a service fee has been imposed against the alarm subscriber, alarm business or proprietor alarm owner pursuant to Section 10-86.01(E).

Section 10-76.01. - False alarm prevention program.

Each alarm subscriber and proprietor alarm owner who attends the false alarm prevention program shall pay a fee of ten dollars. The Police Department shall collect the fee before or at the time of a person's attendance in the program.
- B. If an alarm subscriber or a proprietor alarm owner successfully completes the false alarm prevention program, the Police Department shall issue the person a certificate. The certificate may be used to satisfy the requirements of Section 10-78(C) or in lieu of payment of one service fee assessment imposed pursuant to Section 10-76, provided that the certificate is submitted with a timely appeal of the initial assessment of false alarm service fees or submitted within ten days of the date of mailing of the notice of decision under Section 10-76(B)(4), and the certificate is submitted within one year of its issuance.
- C. An alarm subscriber or proprietor alarm owner who attends any false alarm prevention program provided pursuant to this section is not eligible to attend a false alarm prevention program again within twelve months from the day on which the person last attended the program unless such attendance is necessary to satisfy the requirements of Section 10-78(C).
- D. When an alarm business, alarm subscriber or proprietor alarm owner has installed an alarm system component, certified by Underwriters Laboratories, Inc. as false alarm resistant, and has submitted to the Police or Fire Department, as applicable, proof of purchase and installation of the certified equipment within ten days of installation, the Police or Fire Department shall issue the alarm subscriber or proprietor alarm owner a certificate that may be used to satisfy the requirements of Section 10-78(B) or in lieu of payment of one service fee assessment imposed pursuant to Section 10-76; provided, however, the certificate is submitted with a timely appeal of the initial assessment of false alarm service fees or submitted within ten days of the date of mailing of the notice of decision under Section 10-76(b)(4), and the certificate is submitted within one year of its issuance. The proof of purchase shall include the name and address of the installing alarm business, the name of the installing alarm agent, the date of installation, type of component installed, the specific manufacturer name and model number of the component, and the signatures of the installing alarm agent and alarm subscriber or proprietor alarm owner. The component must be labeled by Underwriters Laboratories Inc. and shall specifically include the control panels labeled CP-01 and passive infrared sensors labeled PIR-01. In the event any passive infrared sensors are installed in the protected premise, all passive infrared sensors installed and connected to the control panel must be labeled PIR-01. - C. The hearing officer shall set a time and place for the hearing as soon as practicable.
- D. The hearing proceeding shall be conducted in an informal process to determine whether there is a sufficient factual and legal basis to support the assessment of fees. The hearing officer shall not be bound by the technical rules of evidence in the conduct of such hearings, provided that the decision of the hearing officer shall in all cases be based upon substantial and reliable evidence. All parties to the hearing shall have the right to present evidence. In a hearing on an appeal filed pursuant to Section 10-76, the evidence may relate to the specific defenses listed under Section 10-76(B)(1) and the claim that another party should be solely responsible for the service fees. The burden of proof shall be at all times upon the party or parties appealing the assessment.

- E. The decision of the hearing officer shall be based upon the evidence presented and it shall:
1. Affirm the assessment, in which case any service fees imposed pursuant to Section 10-76(B)(5) or Section 10-86.01(E)(6) shall be sustained; or
 2. Reverse the assessment, in whole or in part, in which case no service fee or a lesser service fee shall be imposed.
- F. When any part of the assessment is affirmed in appeals which are filed pursuant to Section 10-76 and which involve an alarm subscriber and alarm business permittee, the hearing officer may designate the alarm subscriber or the alarm business permittee as solely responsible for the payment of the service fees. When any part of the assessment is affirmed in appeals which are filed pursuant to Section 10-76 and which involve a proprietor alarm owner, the hearing officer shall designate the proprietor alarm owner solely responsible for payment of the service fees.

The hearing officer shall not be bound by the technical rules of evidence in the conduct of such hearings, provided that the decision of the hearing officer shall in all cases be based upon substantial and reliable evidence. All parties to the hearing shall have the right to present evidence, including evidence of specific defenses and the claim that another party should be solely responsible for the assessments. The burden of proof shall be at all times upon the party or parties appealing the assessment.

H.

The decision of the hearing officer shall be based upon the evidence presented and it shall affirm the assessment, in which case any assessments imposed shall be sustained, or reverse the assessment, in whole or in part, in which case no assessment or a lesser assessment shall be imposed. When the hearing officer affirms any part of the assessment on appeal, the hearing officer may designate the alarm subscriber or the alarm business as solely responsible for the payment of the assessment. The decision of the hearing officer is final.

I.

The party responsible for the assessment shall tender the assessment within twenty days after the date of the final determination. All or any part of the assessment not paid when due will be subject to a charge of one and one-half percent per month, compounded monthly.
