Development and Building Safety Fees

The **original** permittee must make written application **no later than 180 days** after the date of the fee payment.

Include a reason for the refund in the application. Attach a copy of the permit, payment receipt, and any other documentation that will aid in the decision. The refund of permit and/or plan review fees will be disallowed if plan review or inspection services have been performed by the city. Certain water services, development and impact fees may still be refundable.

An administrative fee will be applied to each refund as applicable. Per Phoenix City Construction Code, the fee is the greater of 20% of the Planning & Development fees being refunded or one hour of staff time. The staff hourly rate is referenced in the Planning & Development Department Fee Schedule or, Chapter 9, Appendix A.2 of the Phoenix City Code. The administrative fee will not be applied if the refund is due to staff error.

The above general information is taken from the Phoenix City Construction Code. Please consult the code for specific application to your request. Some exceptions to this fee refund request policy may be approved by the Planning & Development Department Director.
